CHLORINE IN HOUSEHOLD WATER FOUND TO CAUSE CANCER & HEART TROUBLE

“ We are learning the hard way, that all the time we thought we were preventing epidemics of one disease, we were creating another, Two decades after the start of chlorinating our drinking water the present epidemic of heart trouble and cancer began.”

Dr. Joseph M. Price

“Putting chlorine in the drinking water supplies is like starting a time bomb. Cancer, heart trouble, premature senility; both mental and physical, are conditions attributable to chlorine treated water supplies. It is making us grow old before our time by producing symptoms of aging, such as hardening of the arteries.”

Dr. Herbert Schwartz, Biological Chemist.

““*Showering is suspected as the primary cause of elevated levels of chloroform in nearly every home because of chlorine in the water.*””
Dr Lance Wallace, U.S. Environmental Protection Agency.

"We are quite convinced, based on this study, that there is an association between cancer and chlorinated water" *Medical College Of Wisconsin research team*

ONE OF THE MOST SHOCKING COMPONENTS TO ALL OF THE STUDIES IS THAT “UP TO 2/3RDS OF OUR HARMFUL EXPOSURE TO CHLORINE IS DUE TO INHALATION OF STEAM AND SKIN ABSORPTION WHILE SHOWERING AND BATHING.” The American Journal Of Public Health
